

Compact continuous mixing pump, with reduced weight and size, easy to disassemble into 4 sections for simplified transport.

Ideal for a wide range of powder products, lime-, plaster- and cement-based surface coatings. This pump is also ideal for filling joints, resurfacing works, applying adhesives, interior and exterior finishes.

TECHNICAL DATA

Tank capacity	70 L
Power supply	230 V - 50 Hz
Motor thermal protection	yes
Variable speed	yes
Water pressure booster	no
Flow meter	Digital display
Water shortage safety device	yes
Spraying flow rate	8 to 26 L/min*
Max. spraying distance	40 metres*
Loading height	102 cm
Dimensions (l x w x h)	98 x 77 x 155 cm
Weight	145 kg
Compressor	no

(*) depending on the characteristics of the product used, the stator, the rotor, the diameter and length of the hose, the spraying height and the ambient temperature.

DELIVERED WITH

- Anti-seize spray
- Cleaning shaft
- 19x26 40 LM water hose with GEKA coupling
- 20 LM neoprene 3x4 power cord
- Adapters + GEKA coupling
- Releasing tool
- 21 LM remote control
- Cleaning part
- 25x37 10 LM spray hose with couplings
